

EXPERIENCE ITALY - impressive mountains, unique rivers, countryside villages, leafy forests, long coastline among Mediterranean shrub and across sublime islands.

Experience fun and adventure at the same time. Explore on or under the surface, try countless activities, between rivers, woodlands and nature reserves. Every outdoor experience inspires excitement and unique emotions. Explore the coast on the wings of the wind, discover the blue sea and Italy treasures on a sailing boat or even joining a regatta sailing challenge!

Experience nature, explore it in all its forms and let yourself be swayed by its ancestral beauty and pure outdoor spirit. The best way to do it is by striking a rhythm between your soul and feet while wearing a backpack. Mountain hiking leads to the conquering of summits, high-altitude view-points and new perspectives.

Explore each road slowly while cycling, leaving enough time for unexpected encounters with nature and history, enjoy amazing views over the peaks, stop at enchanting villages and unique vineyards, and savor local specialties' with great wine. The choice to travel light is repaid with an incomparable feeling of freedom.

We tailor-made all tours to your group's specification from travel options to hotel selection, itineraries, activities, experiences all over Italy. Please contact us to discuss your requirements.
